INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Cumby, TX

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Cumby, TX, as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cumby, TX, as of September 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-11 and 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cumby, TX's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and City Council
City of Cumby, TX

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Cumby, TX, as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise City of Cumby, TX's basic financial statements, and have issued our report thereon dated January 7, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Cumby, TX's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Cumby, TX's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Cumby, TX's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Cumby, TX's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Required Supplementary Information)

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

The Management's Discussion and Analysis (MD&A) for the City of Cumby, Texas (City) is designed to:

1. Assist the reader in focusing on significant financial issues;
2. Provide an overview of the City's financial activities;
3. Identify changes in the City's overall financial position and results of operations and assist the user in determining whether financial position has improved or deteriorated as a result of the year's operations;
4. Identify any significant variations from the original, amended, and final budget amounts and include any currently known reasons for those variations that are expected to have a significant effect on future services or liquidity; and
5. Identify individual fund issues or concerns.

The information contained within this MD&A should be considered only as part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the footnotes that are provided in addition to this MD&A.

Overview of the Financial Statements

The MD&A requires supplementary information that introduces the reader to the basic financial statements and provides an overview of the City's financial activities. The City's basic financial statements consist of the following components:

1. Government-Wide Financial Statements;
2. Fund Financial Statements;
3. Notes to the Financial Statements.
4. Required Supplementary Information, which includes this Management Discussion and Analysis and Statement of Revenues, Expenses, and Changes in Fund assets for both the General Fund and Proprietary Fund.

A general description of the components of the basic financial statements follows.

Government-Wide Financial Statements

The Government-Wide Financial Statements are designed to present the financial operations of the City as a whole in a format similar to private sector companies. All governmental and business-type activities are consolidated into columns which add to a total for the Primary Government. If the City determines that presentation of a component unit (which are other governmental units for which the City can exercise significant influence or for which the Primary Government Financial Statements would be misleading if component unit information is not presented) is necessary to allow the reader to determine the relationship of the component unit and primary government, the component unit information is presented in a separate column of the financial statements or in a separate footnote.

The focus is on the government-wide (entity-wide) Statement of Net Assets and Statement of Activities to give the reader a broad overview of the City's financial position and results of operations.

- a) The Statement of Net assets presents information on the City's assets and liabilities using the accrual basis of accounting, in a manner similar to the accounting used by private business enterprises. The difference between the assets and liabilities is reported as net assets. Over time, the increase or decreases in net assets (and changes in the components of net assets) may serve as a useful indicator of whether the financial position of the City is improving or weakening. Although the focus of this

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

MD&A will be on the analysis of the overall changes to net assets, the reader should refer to Note 1-Significant Accounting Policies for an explanation of components of net assets.

- b) The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. The format for the Statement of Activities presents the expenses for each function (city, council, police department, other current operating expenses, and water, sewer, and garbage services) reduce by the Program Revenues (charges for services, operating grants and contributions, and capital grants and contributions) directly related to each respective function, to determine net costs of each function. The net costs of each function are normally covered by general revenues.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. The City uses two categories of funds to account for financial transactions: governmental funds and proprietary funds.

Governmental funds are used to account for most of the basic services and projects reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances that are left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The City's governmental funds include the General Fund for accounting for the City's basic services.

The Proprietary Fund accounts for water, sewer, and sanitation services for the city of Cumby, Texas. Enterprise funds are used to account for the same functions as business-type activities presented in the government-wide financial statements, but the fund presentation provides more detail.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, there are differences in the information presented for governmental funds and for governmental activities in the government-wide financial statements. Review of these differences provides the reader of the financial statements insight on the long-term impact of the City's more immediate decisions on the current use of financial resources. We describe the differences between the government-wide financial statements (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.

Notes to the Financial Statements

The Notes to the Financial Statements present the changes in presentation and reporting required under the GASB 34 standard and under GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions. When reviewing this MD&A, the reader should also refer to and review the Notes to the Financial Statements, as well as the Government-Wide and Fund Financial Statements.

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

City Highlights

At September 30, 2013, the City of Cumby, Texas maintained an Unrestricted Net Assets balance of \$938,235. Unrestricted Net Assets represents the net balance accumulated by the City above the amount of Net Assets Invested in Capital Assets, Net of Related Debt and the amount of Restricted Net Assets (restricted as a result of constraints imposed by grantors, contributors, or by laws and regulations).

- (a) At year-end, the total of Net Assets Invested in Capital, Net of Related Debt (after subtracting out debt owed on capital assets) was \$1,257,640. The total of Net Assets Restricted was \$32,215.
- (b) For governmental activities (including the City's General Fund), the City had \$118,768 of long-term debt outstanding at September 30, 2013. For business-type activities (consisting of the City's Utility Fund), the City had long-term debt outstanding of \$691,933 at September 30, 2013.
- (c) The most significant continuing revenue sources for governmental activities of the City for the year ended September 30, 2013 consisted of \$235,608 of property and in sales tax revenues, and \$582,096 in seized cash and citations. Charges for business-type activities of the utility fund (water, sewer, and garbage services) totaled \$373,958.

Government-Wide Financial Analysis

Statement of Net Assets

Included below is a Statement of Net Assets at September 30, 2013 and 2012 for the City of Cumby, Texas. The format allows the reader to view the overall financial position of the City.

	Governmental Activities		Business-Type Activities		Total - Primary Government	
	2013	2012	2013	2012	2013	2013
Current Assets	\$ 671,882	\$ 671,698	\$ 407,543	\$ 94,056	\$ 1,079,425	\$ 765,754
Capital Assets	292,299	326,511	1,776,042	1,511,760	2,068,341	1,838,271
Total Assets	<u>\$ 964,181</u>	<u>\$ 998,209</u>	<u>\$ 2,183,585</u>	<u>\$ 1,605,816</u>	<u>\$ 3,147,766</u>	<u>\$ 2,604,025</u>
Current Liabilities	\$ 61,637	\$ 61,534	\$ 47,339	\$ 54,244	\$ 108,976	\$ 115,778
Noncurrent Liabilities	118,768	190,584	691,933	35,375	810,701	225,959
Total Liabilities	<u>180,405</u>	<u>252,118</u>	<u>739,272</u>	<u>89,619</u>	<u>919,677</u>	<u>341,737</u>
Net Assets:						
Invested in Capital Assets,						
Net of Related Debt	173,531	135,925	1,084,109	1,476,385	1,257,640	1,612,310
Restricted	21,341	19,466	10,874	9,586	32,215	29,052
Unrestricted	588,905	590,700	349,330	30,226	938,235	620,926
Total Net Assets	<u>\$ 783,777</u>	<u>\$ 746,091</u>	<u>\$ 1,444,313</u>	<u>\$ 1,516,197</u>	<u>\$ 2,228,090</u>	<u>\$ 2,262,288</u>

The composition of net assets and the changes in net assets over time serve as a useful indicator of a government's financial position. The City's assets at September 30, 2013 exceeded liabilities by \$2,228,090 (net assets). The City's assets are comprised of \$964,181 from governmental activities and \$2,183,585 from business-type activities.

The largest category of the City's net assets, Invested in Capital Assets, Net of Related Debt totals \$1,257,640 as of September 30, 2013. The category reflects the total invested in capital assets (land, buildings, equipment, streets and right of ways, water and sewer system improvements, etc.) net of any related debt

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

used to acquire capital assets. These capital assets are used to provide services to citizens and do not represent resources available for future spending. The City's investment in its capital assets is reported net of related debt. It should be noted that the resources needed to repay debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The second category of net assets, Restricted Net Assets, represents net assets that are subject to external restriction on how they may be used. Restricted Net Assets total \$32,215 as of September 30, 2013.

The third category of net assets, Unrestricted Net Assets, represents net assets that are not subject to external restriction on how they may be used. The City's unrestricted net assets are comprised of \$588,905 from governmental activities and \$349,330 from business-type activities.

At the end of the current year, the City was able to report positive balances in net assets, for the government as a whole, as well as for separate governmental activities and business-type activities.

Governmental Activities- Statement of Net Assets

The major component of the Current Assets category consists of cash and accounts receivables \$221,233 and \$450,649, respectively. The balance in this category is comprised of various receivables (amounts due) for property taxes and for other revenues.

Capital Assets totaling \$292,299 (net of accumulated depreciation) represents the City's investment in capital assets necessary to provide services to citizens of the City of Cumby, Texas.

Current Liabilities totaling \$61,637 consist of accounts payable and accrued expenses and other liabilities.

Non-current liabilities are \$118,768 which consists of loans and bonds payables.

Business-Type Activities – Statement of Net Assets

For business-type activities (utility fund) there are two major components of Current and Other Assets. Cash totaling \$381,089 and accounts receivable, net and unbilled receivable balances totaling \$26,454 represent outstanding water, sewer, and sanitation billings.

Capital Assets totaling \$1,776,042 (net of accumulated depreciation) represent the City's investment in land and buildings, machinery and equipment, and the water and sewer systems.

Current Liabilities totaling consist primarily of accounts payable totaling \$15,047, customer deposits payable totaling \$26,748, and due to other funds totaling \$5,544.

Noncurrent Liabilities totally \$691,933 consists of bonds and loans outstanding.

Statement of Activities

A Statement of Activities for the City of Cumby, Texas is presented below listing the major categories of revenues and expenses for the fiscal years ended September 30, 2013 and 2012.

CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

	Governmental Activities		Business-Type Activities		Total - Primary Government	
	2013	2012	2013	2012	2013	2012
Revenues						
Program Revenues						
Charges for Services	\$ 582,096	\$ 588,883	\$ 373,958	\$ 354,810	\$ 956,054	\$ 943,693
General Revenues:						
Property Taxes						
and Related Revenues	235,608	234,721	-	-	235,608	234,721
Grants and Contributions	1,407	6,000	-	-	1,407	6,000

Water, Sewer, and						
Garbage	-	-	444,574	428,238	444,574	428,238
Total Expenses	796,859	755,100	444,574	428,238	1,241,433	1,183,338
Operating Transfers In(Out)	1,392	826	(1,392)	(825)	-	1
Between Funds						
Increase(Decrease) in	37,691	105,330	(71,884)	(74,046)	(34,397)	30,987
Net Assets						
Beginning Net Assets	746,091	640,761	1,516,197	1,590,243	2,262,288	2,231,301
Ending Net Assets	\$ 783,782	\$ 746,091	\$ 1,444,313	\$ 1,516,197	\$ 2,227,891	\$ 2,262,288

The Statement of Net Assets presents revenues, expenses, and changes in net assets separately for governmental activities and business-type activities. The format allows for presentation of Program Revenues (Changes for Services, Operating Grants and Contributions, and Capital Gains and Contributions) followed by a listing of General Revenues to support the City's overall governmental or business-type activities. Expenses are presented on a functional basis, with depreciation on fixed assets directly allocated to the related expense (City Council, Police Department, etc.).

Governmental Activities – Statement of Activities

As noted above, there are two categories of revenues on the Statement of Activities- Program Revenues and General Revenues. Program Revenues totaling in the amount of \$582,096 are derived directly from the program itself or from parties outside the City's taxpayers or citizenry, as a whole; they reduce the net cost of the function to be financed from the government's General Revenues. Program Revenues are further divided into Charges for Services, Operating Grants and Contributions, and Capital Grants and Contributions.

General Revenues include all revenues not required to be reported as Program Revenues. All taxes are to be reported by the type of tax. For the City of Cumby, Texas, the major revenues are property taxes and sales tax revenues totaling \$235,608.

Other General Revenues reported include licenses and fines and other income totaling \$15,374 and interest income totaling \$80.

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

Program Expenses are presented in the above Statement of Activities by function and total \$796,859 for the year ended September 30, 2013. Operating transfers in from the Business-Type Activities and Non-major funds total \$1,392. Revenues less expenses then less operating transfers out presented in this statement totaled to an increase (decrease) in Net Assets of \$37,691.

Business – Type Activities – Statement of Activities

Business-type Activities provided by the City of Cumby, Texas consist of water, sewer, and sanitation. Program Revenues for the current year in the Changes for Services sub-category consist of billings of \$373,958 for water, sewer, and garbage services.

The City reports the total amount of expenses for operation of the utility system as \$444,574 for the year ended September 30, 2013. Operating transfers out to the Governmental Activities total \$1,392. Revenues less expenses then plus operating transfers in presented in this statement total an increase (decrease) of Net Assets of (\$71,884).

Governmental Funds Financial Analysis

At September 30, 2013, the City's governmental funds, consisting of the General Fund, totaled \$175,746. Of the total fund balance, \$19,597 is committed for maintenance and repair of streets and \$37,212 is committed for local services. In addition \$21,341 is reserved for state programs. Under the modified-accrual basis for Fund Financial Statements, the emphasis is on accounting for current financial resources of the City. Assets include primarily \$221,233 in cash; \$10,350 in property tax receivables, net allowance for uncollectible taxes, \$7,911 in sales tax receivables, net allowance for uncollectible taxes; \$427,415 in fees and fines receivables, net of uncollectible amounts, and \$4,973 due from other funds. Liabilities for the City consist primarily of accounts payable and deferred revenues totaling \$58,372 and \$437,765, respectively.

The fund reporting format presents in the Statement of Revenues, Expenditures, and Changes in Fund Balances all revenue types followed by the expenditures of the City, also presented on a functional basis. However, for the Fund Financial Statements, the City reports only current year capital expenditures and does not report depreciation on capital assets as in the Government-Wide Financial Statements. The major revenue sources are similar to the government-wide presentation above. The General Fund reported a deficit of revenues over expenditures of \$27,821. Fund balance at end of the year for the General Fund was \$175,746.

Proprietary Fund Analysis

The total amounts presented for the Proprietary Fund (utility fund for water, sewer and garbage services) are identical to the government-wide presentation. Statement of Revenues, Expenses, and Changes in Net Assets, presents a more detailed listing of expenses than presented in the government-wide statements, pending implementation of financial reporting improvements to report activities of the water, sewer and garbage systems on a functional basis. The major operating expenses of the fund include water and sewer services and garbage services of \$336,546, and \$78,884 for depreciation expense.

General Fund Budgetary Analysis

For the current year, the City had significant variances between budget amounts and actual results for the General Fund.

**CITY OF CUMBY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013**

Capital Assets and Long-Term Debt

Capital Assets

At September 30, 2013, the City had \$2,068,341 invested in a broad range of capital assets including buildings, streets and right of ways, and the water and sewer systems. The City made major additions during the year of \$34,220 in the purchase of a new police vehicle and \$323,185 for the installation of a new water distribution system. More detailed information about the City's capital assets is presented in Note 5 to the financial statements.

Long-Term Debt

At September 30, 2013, the City had \$810,701 in bonds and loans outstanding. More detailed information about the City's long-term debt is presented in Note 7.

Economic Factors and Next Year's Budget and Rates

The annual budget is developed to provide efficient, effective, and economic uses of the City's resources, as well as a means to accomplish the highest priority objectives. Through the budget, the City Council and administration set the direction of the City, allocate its resources, and establish its priorities.

The City annually reviews all of its fees as part of the budget adoption process. Fees for general government as well as user charges are evaluated and, if needed, adjusted to meet the needs of the operations of the systems. The budget is adopted and a tax rate is approved to meet the demands of the budget. For 2013, rates set for fees and taxes are estimated to meet operational demand similar to the current year.

Expenditures and expenses have been estimated to remain constant through the next fiscal year. No additional expenditures or expenses are anticipated beyond those that have been incurred in the current year.

Requests for Information

This financial report is designed to provide a general overview of the City of Cumby, Texas finances and to demonstrate the City's accountability. If you have questions regarding this report or need additional information, contact the City at PO Box 349, Cumby, Texas 75433. The phone number for the City is (903) 994-2272.

Notes to the Financial Statements

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Note (1) Summary of Significant Accounting Policies

The accounting policies of the City of Cumby, Texas (City) as reflected in the accompanying financial statements for the year ended September 30, 2013 conform with the United States generally accepted accounting principles as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are discussed in subsequent subsections of this note.

The financial statements include a "Management Discussion and Analysis" (MD&A) section providing an analysis of the City's overall financial position and results of operations, financial statements prepared using full accrual accounting for all the City's activities, and a change in fund financial statements to focus on the major funds.

Financial Reporting Entity

The City operates under a council-mayor form of government and provides the following services as authorized by its charter: public safety-police, streets, water utility service, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

Government-Wide and Fund Financial Statements

In February 2009, the GASB issued statement No. 54 – Fund Balance Reporting and Governmental Fund Types. This statement establishes fund balance classifications based primarily on the extent to which the government is bound to honor constraints on the use of resources reported in each governmental fund. In addition, this standard requires additional note disclosures regarding the fund balance classification policies and procedures.

The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e. the statement of net assets and the statement of activities) report information on the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers.

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Certain indirect costs are included in the program expenses of most business-type activities. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meet the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

The fund level statements focus on the governmental and proprietary funds. The accounts of the City are organized on the basis of funds. Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions or limitations. Major funds are determined by criteria specified by GASB. Major governmental funds are reported as separate columns in the fund financial statements. All other funds are aggregated into governmental fund groupings.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e. both measurable and available. Revenues, other than grants, are considered to be available when they are collectible, within the current period or soon enough thereafter to pay liabilities of the current period. Revenues billed under a contractual agreement with another governmental entity, including federal and state grants, are recognized when billed and when all eligibility requirements of the provider have been met and are considered to be available if expected to be collected within on year. Expenditures generally are recorded when a liability is due. However, expenditures related to compensated absences and claims and judgments are recorded to the extent they are normally expected to be liquidated with available financial resources. Debt service expenditures are recognized when payment is matured. The reported fund balance of governmental funds is considered a measure of available spendable resources.

Property taxes, sales taxes, franchise fees, municipal court fines, and interest associated with the current fiscal period are recognized under the susceptible to accrual concept. All other revenue items are considered to be measurable and available only when cash is received by the City.

Governmental Funds

The City reports the following funds which are reported as major funds:

General Fund

The general fund is the general operating fund of the City and always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund.

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Capital Projects

These funds are used to account for capital asset acquisition and construction of various City projects including several major capital projects financed by government bonds.

Debt Service

The Debt-Service Fund is used to account for the payment of general obligation long-term debt principal, interest and related costs. Such payments are financed by a portion of the property tax levy and other sinking funds.

The City reports the following non-major governmental funds:

Arson Reward

This fund is used to account for insurance proceeds and the disbursements of funds to repair or demolish arson related damages to City property.

Municipal Court Technology

This fund is used to account for new and improvements to the court technology used by the court clerk and officers.

Municipal Court Security Fund

This fund is used to account for the purchase of and improvements to the security of the City's buildings and equipment.

Police Training Fund

This fund is used to account for the training of police officers through continuing education on police tactics and new technology available for officers to perform his or her job.

Police Seizure Fund

This fund is used to hold police department seizure of cash or other assets at the time of arrest of citizen violating laws and regulations through either drug trafficking or other violations.

Federal Seizure Fund

This fund is used to hold police seizures which are considered federal offenses and to be ready for disbursement once the violator has been either convicted or exonerated for the crime.

The City reports one proprietary fund:

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Water and Sewer Fund

The City is responsible for providing water, sewer, and garbage services to the residents of the City which is operated as a self-sustaining utility service.

Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income. Proprietary Funds are accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations, such as providing water and sewer services. The proprietary fund is accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. As allowed by Governmental Accounting Standards, the City has elected to not apply Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989 in the preparation of the proprietary funds financial statements.

Capital Assets

Capital assets which include land and improvements, buildings and improvements, equipment, vehicles and infrastructure assets, are reported in the applicable governmental or business-type activity columns for the government-wide statement of net assets, and related depreciation is allocated to program in the statement of activities. Assets purchased or constructed are capitalized at historical cost. Donated capital assets are recorded at the estimated fair market value at the date of donation. Capital outlay is recorded as expenditure in the General Fund and other governmental funds and as an asset in the Government-wide Financial Statements and Proprietary funds. Maintenance and repairs are charged to operations as incurred, and improvements and betterments that extend the useful lives of capital assets are capitalized.

Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year.

The City obtains public domain capital assets (infrastructure) through capital improvements projects (CIP) construction. Infrastructure consists of certain improvements other than buildings, including streets and roads, pedestrian facilities, and drainage systems.

In the Government-wide and Proprietary Fund financial statements, capital assets are depreciated using the straight-line methods with the following estimated useful lives:

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

	<u>General Fund</u>	<u>Proprietary Fund</u>
Building	10-30	10-30
Improvements other than buildings	15-30	15-30
Streets and Right of Ways	30	0
Machinery and Equipment	5-15	5-15
Vehicles	5-7	5-7
Water and Sewer System	15-30	15-30

Depreciation of assets is classified by functional components. The City considers land to be inexhaustible; and therefore, this asset is reported as non-depreciable.

In the Government-wide and Proprietary fund statements, the City recognizes a gain or loss on the disposal of assets when it retires or otherwise disposes of capital assets.

Budgetary Data

The City follows these procedures in the budgetary data reflected in the financial statements:

- (1) Prior to September 30, the Mayor submits to the City Council a proposed operating budget for the year commencing the following October 1. The budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted, after proper official journal notification, to obtain taxpayer comments.
- (3) Prior to September 30, the budget is legally enacted through passage of an ordinance.
- (4) Under Civil Statutes, the City is prohibited from budgeting total proposed expenditures in excess of total anticipated revenues and any unencumbered funds from prior years; therefore, expenditures may not legally exceed revenues and unencumbered fund balances from prior years.
- (5) Formal budgetary integration is employed as a management control device during the year for the General Fund and Revenue Fund.

The Budget for the Revenue Fund (Proprietary) is adopted on a basis consistent with GAAP, except the City budgets capital outlay as expense and does not budget depreciation expense.

Budgeted amounts are as originally adopted or as amended by the City Council.

Pension Plan

Full-time City Employees are members of the Texas Municipal Retirement System (System). The City's policy is to fund all pension costs accrued; such costs to be funded are determined annually as of April 1, by the Systems actuary.

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Encumbrances

Formal encumbrance accounting is not used by the City.

Cash Flows

The City pools available cash from funds for the purpose of increasing revenue through interest income. Interest income, which includes changes in fair value, is allocated to all individual funds.

For purposes of the statement of cash flows, the Proprietary Fund considers all highly liquid investments with a maturity of thirty days or less when purchased to be cash equivalents.

Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. These receivables and payables are classified as "due to or from other funds" on the fund-level statements. All interfund transactions between governmental funds are eliminated on the Government-wide statements.

Receivables – Government-Wide Statements

In the Government-wide Statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include sales and use taxes, franchise fees, grants and police fines. Business-type activities report utility accounts receivable as their major receivables.

Receivables – Fund Financial Statements

In the fund financial statements, material receivables in governmental funds include revenue accruals such as grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the Government-wide Financial Statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Utility accounts receivable compose the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Long-Term Debt

In the Government-wide Financial Statements and Proprietary Fund Types in the Fund Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

governmental activities, business-type activities, or proprietary fund type statement of net assets. In the fund financial statements, governmental fund types recognize the face amount of debt issued as other financing uses.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purpose of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated. Transfers between governmental funds and business-type activities have not been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Reservations of Fund Equity

Reservation of fund balances of the governmental funds indicate that portion of fund equity which is not available for appropriation for expenditure or is legally restricted by outside parties for use for a specific purpose. Designations of fund balance are the representations of management for the utilization of resources in future periods. As of September 30, 2013, the General Fund reserved fund balance for maintenance and repair of streets totaled \$21,341. This reserved balance represents 1/4 of 1% sales tax voted in the general election to provide revenue for the maintenance and repairs of municipal streets.

Comparative Data

Governments are required to present comparative data only in connection with Management's Discussion and Analysis (MD&A).

Equity Classifications

Government-Wide Statements

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

2. Restricted net assets – Consists of net assets with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

Governmental fund equity is classified as fund balance. In accordance with Governmental Accounting Standards Board Statement No. 54. – Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balance as follows:

1. Non-spendable—Includes fund balance amounts that cannot be spent either because they are not in spendable form (inventories) or because legal or contractual requirements mandate funds be maintained intact (contractual obligations).
2. Restricted—Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
3. Committed—Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action at the highest level of decision making authority. The City Council through a formal action (ordinance or resolution) commits fund balance amounts for the City. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which is subject to the constraints, may be determined in a subsequent period. Any changes to the constraints imposed require the same formal action of the City that originally created the commitment.
4. Assigned—Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance is assigned through formal action (ordinance or resolution) by the City Council for specific purposes. Assignments may take place after the end of the reporting period.
5. Unassigned—Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any other governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Proprietary fund equity is classified the same as in the government-wide statements

The following schedule provides information about the specific fund balance classification by fund:

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS

Total Net Assets	<u>\$ 117,193</u>	<u>\$ 58,553</u>	<u>\$ 175,746</u>

Note (2) – Collateralization of Deposits

Custodial Credit Risk for Deposits

Statutes authorize the City to invest in bank certificates of deposit, obligations of the U.S. Treasury and U.S. agencies, banker's acceptances repurchase agreements, and commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record. The City's policy is to invest in instruments or require collateral so as to not expose the City to credit, custodial credit, custodial concentration, interest rate, or foreign currency risks. Since the City complies with this law, it has no custodial credit risk for deposits.

At September 30, 2013, the bank balances totaling \$602,322 were fully insured by FDIC coverage of \$250,000. There was no additional coverage provided by pledged securities.

Note (3) Property Taxes

Property taxes are attached as an enforceable lien on property as of January 31. Property taxes are levied by October 1. City property tax revenues are recognized when levied to the extent that they result in current receivables. The Hopkins County Appraisal District bills and collects property taxes for the City of Cumby, Texas.

The State of Texas Constitution limits the city's ad valorem tax rate for all purposes to \$1.50 per one hundred dollars of assessed valuation. The tax rates levied October 1, 2012 to finance General Fund operations was \$.42 per \$100 per valuation respectively. Ad valorem tax revenue was levied using total rate of \$.23 per hundred dollars of assessed valuation, based on 100% of estimated market value, which means that the City has a tax margin of \$1.20 per \$100 and could rise up to \$12,000 additional tax revenue a year from the present assessed valuation of \$1,227,290 before the limit is reached. The current year levy assessed for the 2013 tax roll was \$61,713.

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Note (4) Receivables

For the year ended September 30, 2013, receivables are reported net of allowance for doubtful accounts as calculated below:

	Receivables	Allowance	Net Receivables
Governmental Funds: General Fund

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Depreciation expense was charged to Governmental Activities and Business-type Activities in the amounts of \$68,432 and \$78,884 for the year ended September 30, 2013, respectively.

Note (6) Deferred Revenue

Deferred revenue at September 30, 2013 was \$10,350 as a result of uncollected property tax revenues and \$427,415 for uncollected fines and fees.

Note (7) Bond and Notes Payable

At September 30, 2013, the City has executed several agreements to obtain financing for capital expenditures. The agreements in place at year end are as follows:

	Original Balance	Maturity Date	Interest Rates	Debt Balance 9/30/2013	Payment Dates
Alliance Bank - 2010 Tahoe	24,440	8/3/2013	5.25%	-	Monthly
Alliance Bank - Maint. Truck	20,773	11/5/2014	5.25%	7,810	Monthly
Alliance Bank - 2010 Backhoe	49,935	10/25/2015	5.25%	20,500	Monthly
Alliance Bank - 2013 Tahoe	26,481	4/5/2016	4.25%	22,998	Monthly
Revolving Line of Credit	57,575	12/5/2011	5.25%	-	On demand

The following is a summary of the changes in long-term obligations reported in the government-wide financial statements for the year ended September 30, 2013:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Alliance Bank - 2010 Tahoe	\$ 7,879	\$ -	\$ 7,879	\$ (0)	-
Alliance Bank - Maint. Truck	14,701	-	6,891	7,810	7,262
Alliance Bank - 2010 Backhoe	31,023	-	10,524	20,499	10,552
Alliance Bank - 2013 Tahoe		26,481	3,483	22,998	8,615
Revolving Line of Credit	54,557	-	54,557	(0)	-
	<u>\$ 108,161</u>	<u>\$ 26,481</u>	<u>\$ 83,335</u>	<u>\$ 51,307</u>	<u>\$ 26,429</u>

Payment requirements for the next five years and thereafter for all bonds and loans outstanding as of September 30, 2013 are as follows:

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

		<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$	26,429	\$ 1,062	\$ 27,491
2015		19,484	261	19,745
2016		5,394	-	5,394
2017		-	-	-
2018		-	-	-
Thereafter		-	-	-
Total	\$	<u>51,306</u>	<u>\$ 1,322</u>	<u>\$ 52,630</u>

The City has the following debt outstanding for the Government Activities at September 30, 2013:

	<u>Original Balance</u>	<u>Maturity Date</u>	<u>Interest Rates</u>	<u>Debt Balance 9/30/2013</u>	<u>Payment Dates</u>
Oshkosh Financial - Fire Truck	147,500	10/26/2016	4.84%	67,460	Annually

The lease terms require an annual payment due each October per the agreement in place. The agreement was entered into purchase a fire truck. The fire truck is listed as vehicles in the capital asset note. The fire truck will be depreciated over a 10 year period which mirrors the financing agreement.

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Oshkosh Financial - Fire Truck	\$ 82,424	\$ -	\$ 14,964	\$ 67,460	\$ 15,689

Note (8) Deficit in Fund Equity

Fund equity contains no deficit balances in individual funds at September 30, 2013.

Note (9) Interfund Transfers

Interfund transfers for the year ended September 30, 2013 consisted of the following:

	<u>Transfers</u>	
	<u>In</u>	<u>Out</u>
General Fund:		
Transfer in/out to Utility Fund	1,392.14	
Transfer in/out to Municipal Fund	3,730.15	
Municipal Fund		
Transfer in/out to General Fund		3,730.15
Proprietary Fund		
Transfer in/out to General Fund		1,392.14
	<u>5,122.29</u>	<u>5,122.29</u>

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

The Proprietary Fund transferred out funds to the General Fund to subsidize the deficiency of revenues over expenses in the General Fund.

Note (10) Risk Financing and Related Insurance Issues

In the normal course of business, the City is exposed to risks of loss from a number of sources including fire and casualty losses, errors of omissions by council members and employees, negligent acts by employees including law enforcement officers, automobile and mobile equipment accidents, and injuries to employees during the course of performing duties for the City.

The City attempts to cover these losses by the purchase of insurance. The City purchases insurance with annual maximum limits and to the extent of these maximum limits the City will incur no additional liability due to excess insurance purchases by the risk pool. The City would be liable for claims in excess of the policy limits. In management's estimation, there are no current loss claims that exceed the insured maximum limits. Significant loss experiences could subject the City to significant premium increases.

Note (11) Subsequent Events

The City has reviewed its records for subsequent events that may or will occur as of January 2, 2014. Based on the City's review, there are no such events that need disclosure or accounted for at this time for the year ended September 30, 2013. The City has made the financial statements available as of January 2, 2014.

Note (12) Compliance, Stewardship, and Accountability

The following funds incurred expenditures in excess of appropriations at functional expenditure levels:

	Budget	Actual	Excess
General Fund			
Mayor and City Council	29,649.99	57,349.79	27,699.80
Public Safety	310,926.76	279,219.63	(31,707.13)
Administration	87,418.02	102,496.01	15,077.99
Municipal Court	128,870.02	250,207.79	121,337.77
Public Works	1,932.48	16,191.68	14,259.20
Debt Service	46,532.00	43,742.21	(2,789.79)

Note (13) Pension Plan

Plan Description

The City provides pension benefits for all of its eligible employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public company employee retirement system. The plan

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

provisions that have been adopted by the city are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits, and actuarial methods and assumptions used by the System. The report may be obtained from TMRS' website at www.TMRS.com.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions of the City were as follows:

	12/31/2012	12/31/2013
Employee deposit rate	5.00%	5.00%
Matching ratio (city to employee)	1 to 1	1 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age/years of service)	60/5, 0/20	60/5, 0/20
Updated Service Credit	0.00%	0.00%
Annuity Increase (to retirees)	0% of CPI	0% of CPI

Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of normal cost contribution rate and the prior service cost contribution rate, which is calculated to be level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The City contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contributions rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect.

The annual pension cost and net pension obligation/asset are as follows:

CITY OF CUMBY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

Schedule of Actuarial Liabilities and Funding Progress

Actuarial Valuation Date	12/31/2013
Actuarial Value of Assets	\$ 137,341
Actuarial Accrued Liability	\$ 211,147
Unfunded (Overfunded) Actuarial Accrued Liability (UAAL)	\$ 73,806
Percentage Funded	65.0%
Annual Coverage Payroll	\$ 73,806
UAAL as a Percentage of Covered Payroll	18.6%
Net Pension Obligation (NPO) at the Beginning of Period	\$ -
Annual Pension Cost:	\$ 13,728
Contributions Made (F)	\$ 13,728
NPO at the end of the month	\$ -

General System-wide Actuarial Assumptions

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Percent of Payroll
Remaining Amortization Period	21.6 Years - Closed Period
Asset Valuation Method	Fund Value
Investment Rate of Return	7.0%
Projected Salary Increases	Varies by Age and Service
Includes Inflation at	3.0%
Cost-of-Living Adjustments	0.0%

The City also participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by TMRS known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.
